To all of you who support me

I thank you all for your support and prayers. I'm doing OK. God bless all of you for your love and everything you keep doing for me and my family. I trust God because he said in the bible you are my children everywhere you go and put your feet, that's the place I want you to be and I believe Him in my heart that U.S.A. is the place He wants me and my family to be.

Thank you very much

With love

Regina Imwa Bakala
